Aiken, SC – January 25, 2012 – “We attended last year’s show in Orlando, FL to learn more about the exhibitors. The number of helicopters on the floor and the quality of the exhibitors was very impressive,” said Tom Uskup. “This year we’ll be one of those exhibitors in Dallas at booth #1020! Plus, we are supporting Graco Supply’s booth who is one of our aerospace distributors also at the show.”

GreenSorb products are eco-friendly, multi-purpose absorbents designed for numerous industry applications. GreenSorb is made in the USA by Sorbent Green LLC. The company sells through large distribution channels in the following market segments: Aviation/Aerospace, Commercial, Environmental Services, Government, GSA (GS-07-F0309W), Health/Medical, Industrial, Janitorial/ Sanitation, Oil & Gas, and Safety.

For more information on GreenSorb products, visit www.GreenSorb.com or follow us on www.facebook.com/GreenSorb.
